FOR IMMEDIATE RELEASE

RealMed Receives #1 Ranking in the KLAS 2009 Ambulatory Clearinghouse Services Report

INDIANAPOLIS, July 9, 2009 -- RealMed, a leader in web-based revenue cycle management solutions for health care professionals, announced today that it received #1 ranking in the KLAS 2009 *Managing the Claim and Getting Paid: Ambulatory Clearinghouse Services* Report. RealMed achieves this recognition in its first year of inclusion in KLAS. RealMed is ranked first of fourteen EDI clearinghouses in the KLAS report. According to KLAS, the data indicates that, overall, 'clients honestly feel like a partner with RealMed.'

Phil Christianson, CEO of RealMed, described the award this way. "This is proof of RealMed's commitment to our customers. The honor reflects our philosophy that our technology leadership works in concert with our dedication to our customers. We pride ourselves in delivering the utmost in personal, onsite customer support." In addition to onsite support, customers are serviced by dedicated technology teams and U.S. based call center support." Visit RealMed at www.realmed.com.

About RealMed

RealMed is the vanguard of a new era in health care administration that uses the power of the internet to automate health care transactions and information exchange between health care professionals. This capability, together with more powerful enhancement features, can dramatically improve administrative efficiency and time to payment performance. RealMed serves a large number of providers ranging from small practices to large academic medical centers and specialty providers. Visit us at www.realmed.com.

About KLAS

KLAS is a research firm specializing in monitoring and reporting the performance of healthcare vendors. KLAS' mission is to improve delivery, by independently measuring vendor performance for the benefit of our healthcare provider partners, consultants, investors, and vendors. Working together with executives from over 4500 hospitals and over 2500 clinics, KLAS delivers timely reports, trends, and statistics, which provide a solid overview of vendor performance in the industry. KLAS measures performance of software, professional services, and medical equipment vendors.
