

RealMed Corporation and One Point LLC Announce Strategic Partnership

INDIANAPOLIS, May 10 /PR Newswire/ -- RealMed Corporation and One Point LLC are pleased to announce their recent partnership to provide RealMed's robust Revenue Cycle Management Services to current and new One Point clients. RealMed will provide HIPAA compliant tools including real-time eligibility verification, online claims scrubbing, ERA (Electronic Remittance Advice) delivery and state of the art patient payment assurance and advanced claims editing functionality. One Point provides certified trainers and specialists in support of its Electronic Medical Records software application, eClinicalWorks®. The shared goal of RealMed and One Point is to provide world class customer service and a seamlessly integrated solution that will increase productivity and profitability for medical offices.

The healthcare industry continues to mandate an increasing adoption of improved HIT (Healthcare Information Technology) across all specialties. With this partnership, RealMed and One Point are helping to ensure that providers keep pace with the changes in the healthcare IT landscape in order to reduce overall costs and improve patient outcomes.

About RealMed

RealMed uses the power of the Internet to automate healthcare transactions and information exchange between providers, payers and patients. This capability, together with more powerful reporting and workflow enhancing features, can significantly enhance administrative efficiency and dramatically improve cash flow for providers. RealMed serves professional providers ranging from one-doctor practices, to the nation's largest academic medical centers and specialty providers for all aspects of their revenue cycle management needs. For more information, visit www.realmed.com.

About One Point

One Point is a subsidiary of Gaither Technologies STC LLC. As an authorized reseller of the leading EMR software, eClinicalWorks, One Point provides the best Practice Management and Electronic Medical Records software available. By combining deep technical knowledge of telecommunications, computer networking, system integration, and medical expertise, combined with its team of trainers and support specialists, One Point makes PM and EMR work profitably for every medical office. For more information, visit www.onepointllc.com.

eClinicalWorks is a registered trademark of eClinicalWorks, LLC
